

# Colouring different percentages

- 1 Each of these shapes is divided into 100 equal parts.  
 (a) For each shape colour the percentages shown in the table.

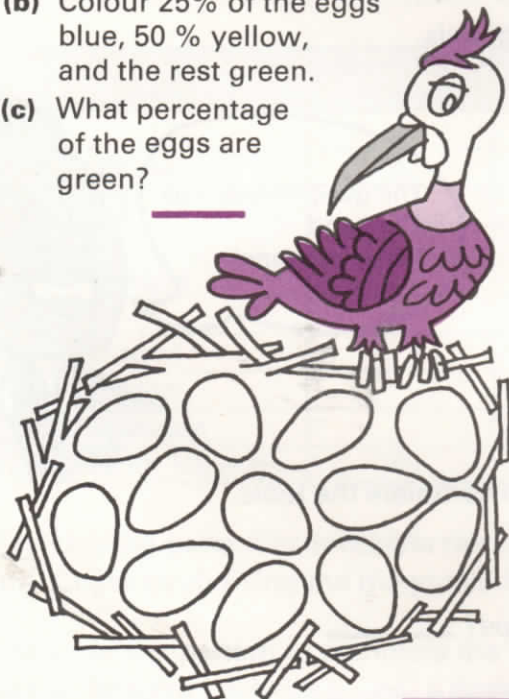

Shape	red	blue	yellow	Total percentage coloured
Parallelogram	30%	40%	30%	
Triangle	16%	33%	51%	
Rectangle	25%	43%	32%	

(b) Complete the table.

- 2 Go back to Textbook Page 112, question 4.

- 3 (a) How many eggs has the Great Oozle? \_\_\_\_\_  
 (b) Colour 25% of the eggs blue, 50% yellow, and the rest green.
