

Snowflake Decorations

You will need:

3 lolly sticks

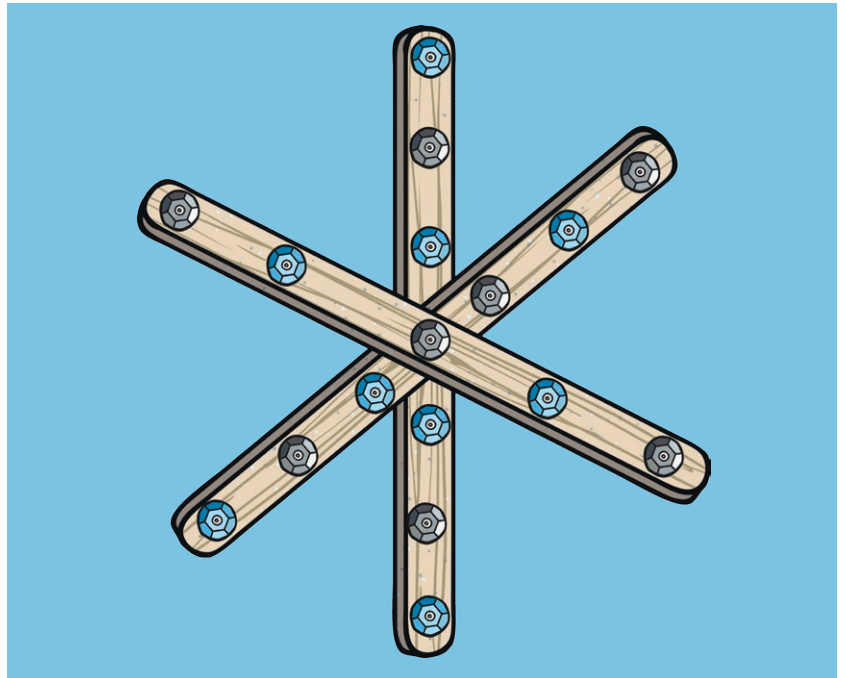

Glue

String

Silver, blue or white glitter

Silver, blue or white paint

Sequins and/or pom-poms for decoration

Instructions

1. Arrange your lolly sticks to form a star/snowflake shape. Add some glue where they overlap and hold them until they stick.
2. You may wish to paint the lolly sticks in silver, blue or white paint. Alternatively, you could use glue and sprinkle glitter over them.
3. Decorate your snowflakes with sequins or pompoms.
4. Glue a string loop to the back of the snowflake so it can be hung up as a decoration.
