

School Closure Notice

Unfortunately, I am following yesterday's positive announcement with some disappointing news. The school will be closed on Monday and possibly Tuesday for the following reasons:

1. Following excavation work to locate a leak that was causing the heating issue, it has become apparent that multiple leaks have developed across the site.
2. We currently have no heating or water, and two classrooms are flooded with approximately two inches of standing water.
3. A site meeting is scheduled for Monday morning to assess the extent of the damage, determine the next steps, and establish likely timeframes for repairs.

I will provide a further update as soon as more information becomes available. Thank you for your understanding.

A Smyth

Principal
